MITSUBISHI PAPER MILLS LIMITED

IOT EXPO 2014

Mitsubishi Paper Mills Ltd. will exhibit at the 2014 Shenzhen International Internet of Things Expo (IOT EXPO 2014).

Date: August 14 - 16, 2014
Place: Shenzhen Convention & Exhibition Center
Booth number: B54
URL: http://www.iotexpo.com.cn/eng/

Exhibition Content: "ThermoRewrite" - the rewritable thermal recording material -
ThermoRewrite is widely used as a key material of rewritable cards. By using ThermoRewrite, visual information can be renewed repeatedly. Therefore, latest and most up-to-date information can be shown on the card.
Major applications of ThermoRewrite are ID cards with validity date, Membership and Loyalty cards, Access control cards, Visitor Badges, etc.
Mitsubishi Paper Mills Ltd. is conducting demonstration of ThermoRewrite Technologies at the booth B54.
